### **2011-2012 Book Fee**

\$175 per student – ½ payable on March 4, 2011 with the remaining ½ payable by the last day of the current school year (June 1, 2011).

When purchasing classroom materials, such as textbooks, schools receive discounts for ordering classroom quantities, and for ordering prior to the end of the current school year for the next year.

In order to stay within budget, therefore, we only order for those students who have registered. When students are enrolled past that point, the cost of ordering just one or two textbooks or other items is very expensive. Therefore, registrations and/or book fees received past the end of this current school year will incur a total book fee of \$200. We hope you understand the need for us to collect the book fees prior to the end of the current school year, as we work to purchase the needed materials at the most beneficial cost to our school.
